

**Northwest Community EMS System
Cardiac Arrest Committee Meeting
MINUTES – December 3rd, 2024**

Topic	Discussion/conclusions
Call to order	9:05
Attendance	In person: Kourtney Chesney, Scott Renshaw, Jeremiah Johnson, Bill Toliopolis Virtual: John Larsen, Justin Kim, Brian Stodola, Ginny Logan, Taylor McIntyre, Jim Callahan, Dan Sacomano, Lee East, Michael Pfeffer
Year in Review	<ul style="list-style-type: none"> ● LUCAS device - priority in arrests to be reviewed (Taylor) - possible case study showing decreased % of ROSC ● Numbers increased for 1st pass success with new ProView, may need to look at consistent training moving forward to keep numbers up (Dr. Jordan effect) ● Motion to create new "Case Study" Reference document in shared folder (CT)
LifePak Monitor	<ul style="list-style-type: none"> ● Glendenning not present, will look at in person demonstration of new monitor for CA purposes
FF Cardiac Arrest Training	<ul style="list-style-type: none"> ● Create shared folder for CA training for downed firefighter (CT)
Advanced Cardiac Resuscitation	<ul style="list-style-type: none"> ● Cases studies for early Epi, will collect data from multiple references to be added to new doc ● BVM - Ped's bvm used in Seattle may be linked to decreased EtCO2 and leading to possible lower ROSC ● BVM - 6-8 mL/Kg recommended dose ● Soltera recommended (Scott) ● Accuvent also option ● Community outreach - CPR Training ● Karen - NWC Community Bystander CPR
Questions/Comments/Concerns	<ul style="list-style-type: none"> ● Revisiting CA QI Documents and uses - currently being reworked for viewability, not being used by individual departments ●
Adjournment	<ul style="list-style-type: none"> ● 10:13 am
