TOPIC	TIMELINE	RECOMMENDATIONS/ ACTIONS	FOLLOW -UP/ PERSON & DATE
Members / Guests	@0902	General Membership –	
Agenda	@0902	Emailed on 6-1-24 for review. Subsequent email was sent to P. Dyer for posting to the website.	
Approve Minutes	@0902	The June minutes were approved as read in the July meeting and sent to P. Dyer on 7-10-24	
<u>Open Issues</u>			
Auto fill or preset/worksh et guides.	@0904	Worksheet usability videos are being created to help with policy compliance and documentation accuracy.	Klein
School Bus Form	@0915	Minimal feedback was received on the school bus form. There will be an electronic form along with a paper option for ease of documentation. The D4 policy will be amended to accommodate for these changes. It will be suggested to attach the paper copy to the ePCR for reference. Due to an agency having limited resources (1 iPad or none) it would make documenting these incidents cumbersome.	Klein
Patrick Sennett Update	@0925	Discussion began on the health information management transition from a 3 rd party (Kno2) to EMS database to Hospital Records connection. Starting at Endeavor NCH

<p>Next Meeting</p> <p>Adjournment</p>	<p>@0935</p> <p>@0949</p>	<p>looking for the right people to talk to have a conversation about health information technology. Swedish, Evanston, Highland Park, Glenbrook, Skokie, Edwards, and Elmhurst would also benefit from this and would open the door for multiple agencies to utilize the technology and eliminate the 3rd party vendor.</p> <p>New, larger, whatever it is, corporation who has a soft spot understands why bidirectional data flow and outcome data. How much easier it is when EMS posts the PCR and hospital receives it in 120 seconds along with the bidirectional information component that corporate stakeholders see the benefits.</p> <p>We can figure out who specifically is our point of contact with that. We I know there is some already in place within EMS. In the Endeavor world what does the face sheets look like. What the wristbands look like. It was requested that Bill could get a sample of what the face sheet looks like.</p> <p>CE accreditation for the outcome data that comes back to EMS. So, when a medic accesses the HDP portal and looks at outcome data looks at the outcome report for the patient. They can get CE for that.</p> <p>Patrick Sennett was given access to the new report writer, the beta site for report writer 3. We're calling it next Gen. Patrick reported he was unimpressed with the way IT BETA for the new report writer looked and functioned. BETA testing was not finished, and IT continues to work on.</p> <p>August 14th, 2024 (RED/2nd Shift)</p> <p>Motion to adjourn 1st by Kim & 2nd Klatt.</p> <p>Minutes submitted by Secretary J.
